

Harold Holman Is Chosen President New Veteran Group

A constitution and by-laws for the Veterans Progressive Organization was adopted by members of the newly organized veterans political group at its second meeting held in the city hall Monday night.

With Claude Jones, temporary president, presiding, the following permanent officers were elected for one-year terms each: Harold Holman, president; Melvyn Pugh, vice president; Herman Kautz, secretary and Marvin Unwin, treasurer. These elective officers will serve on a board of directors together with five additional members appointed by the president.

The preamble of the constitution proclaims the purpose and aims of VPO as follows: 1. To make better citizens of veterans by encouraging them to take a more active part in their government—local, county, state and national; 2. To support for public office those candidates who are judged to be fair, honest and able to do the most good for their community and country as a whole; 3. To support organizations and movements judged to be a benefit to the majority of the people and discourage that which is harmful; 4. To uphold freedom of religion and rely on faith in God in guiding the activities of VPO.

The secretary was instructed to send copies of the constitution and by-laws to other communities in which veterans have expressed their desire to form a veterans progressive organization.

It was announced that VPO will conduct regular meetings in the city hall on the second and fourth Monday nights of each month.

Efforts Of Labor Recruiters Here Are Being Resisted

Officials hereabouts have had to resist efforts of recruiters from northern states to take workers needed here, the county commission was told Monday.

"We have had to fight a tendency on the part of northern employers to try to move labor from this area before we can spare them," H. L. Speer, assistant county agent, stated in his report for March. He said a number of labor recruiters had paid this county visits from Delaware, Maryland and New York.

March reports of County Agent M. U. Mounts and Miss Bertha Nil Hausman and Mrs. Mildred Michaud, county and assistant county home demonstration agents respectively, also revealed.

An office is being established in Belle Glade for administration of the federal AAA pasture improvement program.

Spray tests on mango trees at Canal Point and Belle Glade showed that seven trees sprayed with Dithane at 10-day intervals have nice crops set on each tree, while unsprayed trees have set no fruit.

Ginger plants have been distributed to garden chairmen of women's home demonstration clubs for home garden planting.

A series of "Achievement days" for 4-H club girls will be held in the county April 23 to May 11.

Belle Glade Plans Sewage Plant For That Growing Town

Belle Glade City commissioners have announced completion of a survey for the proposed sanitary sewer and sewage disposal plant for the city of Belle Glade, by Engineer George Carr.

Dividing his proposals into three phases, Carr offered a plan for the complete setup, a second program caring for immediate needs, and a third for the disposal plant and basins.

Estimates of the cost of a complete plant amounted to \$1,729,859. Cost of the sewers alone, the major part of the program, is estimated at \$1,331,250; and for the disposal plant, \$786,927.85.

The entire project covers a territory consisting of 1,037 acres, of which 363 acres lie within the present city limits, said Carr.

There are 900 water connections in the city now, with the number to be increased by the end of 1947 to 1,200, according to authoritative estimates.

Cost of sewer service, based on 1,000 connections, is reported to figure between \$3.35 and \$4.73 per month, depending on the financing methods employed, and a bond issue of \$800,000 will be required to pay for the immediate improvements necessary, it was reported.

Field Day Coming April 18 At Station

A vegetable crops field day will be held at the Everglades Experiment station in Belle Glade on Thursday, April 18, according to an announcement from the county agent's office. The program will get under way at 10 a. m. and lunch will be served at 12:30. The Belle Glade PTA will have charge of the lunch and all proceeds will go to the school library.

The afternoon session will start at 1:30 p. m. and conclude at 4 p. m. During the day many interesting matters will come up for discussion by Experiment Station workers. Every farmer in the Everglades would do well to take this day off from his labors and find out, first hand, some of the important information that is going to be available.

Pahokee Band Wins 1st Division Honors In Music Festival

Bandmaster Robert O. Lampi's Pahokee High School Band sailed through the State Music Festival in St. Petersburg last weekend with flying colors and returned home with first division honors in all three of the contests entered—concert, sight reading and marching.

Forty-three school bands attended the festival and out of the 12 Class C bands present, Pahokee and Lake Wales were the only ones to receive first division ratings in these contests. The Pahokee band also participated in the big Festival of States parade on Friday.

The 43 musicians and the drum major and three majorettes made the trip to the festival in a special Chartered TTT bus. In addition to Bandmasters Lampi, they were accompanied by Mrs. W. W. Smith, Mrs. Charlotte Walston and Mrs. L. J. Fraser who acted as chaperones; also by Principal and Mrs. D. C. Caudill and Frank Rozelle, Sr.

This is the fourth consecutive year the Pahokee High School Band has won first place in state-wide festival and inspection contests. Pahokee citizens are very proud of the high school band and its fine record of achievements and very grateful to Mr. Lampi for his untiring work and able leadership that has made that record possible.

Mr. Lampi will give the band in a concert in the high school auditorium on Sunday afternoon, May 5. This concert, the last of the spring season, will be in celebration of the sixth anniversary of the organization of the band.

PLANT CITY—A New world record of \$28.50 a bushel was paid Tuesday for the first four hampers of okra sold this season on the State Farmers' market here.

R. E. Johnson, market manager, declared the price to be an "alltime world record." With 32 pounds to the bushel, the okra brought a fraction more than 89 cents a pound.

The previous record price was \$18 a hamper set at the market last year.

E. F. Hinson of Wumauna grew the okra. It was bought by J. B. Layton, a Plant City buyer, and consigned to Cerneglia and Sons, Atlanta, Ga.

Daylight Saving Is Proposed For W. P. B.

At a Tuesday night meeting of the city council in West Palm Beach an ordinance was brought before the council to advance West Palm Beach clocks an hour in accordance with daylight saving time to be used by many large eastern cities. The movement was urged by a West Palm Beach radio station that is a part of a national network. With network programs being run on daylight saving, it is possible that citizens of the county might be messed up in the clock watching if West Palm Beach continues to operate on the old time after the other eastern cities advance their clocks.

Mrs. H. M. McIntosh and children are visiting her parents in Panama City this week.

He also stated that new club officers must be elected before the Lions State Convention is held in Jacksonville on May 19.

It was announced that the Pahokee club will send six delegates to the State convention and possibly a delegate to the Lions International Convention in Philadelphia in July.

John Dulany Asks Pahokee Citizens Make Him Mayor

John Dulany is making his formal announcement today as a candidate for Mayor of Pahokee in the May 7th election. In making his announcement, John, as he is familiarly known, believes that a properly directed effort on the part of the community as a whole will again place Pahokee in the dominate position that it formerly held. In presenting his platform he states that he will work for and with the Veterans group to help them to become re-established in the community as homeowning and gainfully employed citizens. He believes that we owe a debt of gratitude to them that every citizen must recognize.

Mr. Dulany stated that he will aggressively work with the farmers to the extent that the loafers in the negro quarters will either work on the farms, leave town or go to jail. He believes that a firm stand on this problem will be worth a great deal to the community.

Other specific things he will work for are better streets and drainage for the residential area, better street lighting; sanitary sewers to eliminate a health hazard by overflowing septic tanks, increase the capacity of the water plant to catch up with the growth of the community. There is no doubt that the next two years will be the most important in the growth and development of Pahokee in its history.

Mr. Dulany believes that his experience and know-how will be valuable to the community. He is soliciting the support and vote of the people on the above platform together with a promise that he will at all times work for and with the fine people of Pahokee for a better and bigger Pahokee.

Mayor's Salary In Pahokee Is Raised To \$150 Per Month

The Pahokee city council at the regular Tuesday night meeting instructed City Attorney Thadd Whidden to draft a resolution setting the mayor's salary at \$150 a month, effective at the start of the new fiscal year, Oct. 1, 1946.

Read and adopted at the meeting was a resolution requesting the government to dredge the main drainage canals of the Glades area so they can be used as navigable waterways. Thadd Whidden was asked to represent the city at a public hearing on this matter to be conducted by the U. S. Engineers at Belle Glade on April 30.

Police Commissioner Robert Mackey and Police Chief Albert Gant were authorized to purchase two-way radio sets for installation.

Explanation

In order that there may be no misunderstanding, the Veteran's Progressive Organization and the American Legion Post in Pahokee are two separate and distinct organizations. Each has its definite work and plans for the future, and I feel that this explanation is necessary so that there may be no misunderstanding in regard to either group.

L. V. McClelland, Adjutant, American Legion Post No. 90.

Glades Bus Crashes Into Tree; 52 Shaken Not Seriously Hurt

Narrowly escaping serious injuries, 52 passengers were shaken up when a Glades Motor Lines bus snapped a front axle and crashed into a tree near the state prison farm between Pahokee and Belle Glade, Saturday afternoon.

According to State Highway Patrolman W. R. Kaufman, of Pahokee, the bus was driven by Clifton D. Gammon, Lake Worth, and the accident occurred at 5:15 p. m.

Canal Point 4-H Girls Present Program

The 4-H girls of Canal Point gave a very interesting program at the regular P-T. A. meeting held in the Auditorium on April 3rd. The program included demonstrations—the making of a bed, setting a table and care of table linen. The cleaning of a room, arrangement of flowers, correct posture in sitting, standing, walking and running, the candling of eggs and displayed several hand made conveniences in household improvement.

Joann Platt was one of the ten lucky girls in the County who qualified to enter the Chick contest sponsored by Sear's Roebuck & Co. She was given 104 chicks. Joan is a good 4-H girl for she has only lost three of the chicks and if you think she doesn't know how to care for chicks, you just drop around to her house and see them.

The local leader, Mrs. Oliver Hatfield, announced that the County Achievement Day for the Glades section of the County will be held in Canal Point lunch room on May 4th. The public is invited to come and see what the girls have been doing in their club work.

Canal Point Club holds the only Certificate with two seals in the County and they are working hard to hold first place again this year.

Have You Bought Your Easter Seals?

TAMPA — An ever-increasing program of aid to physically handicapped persons was cited by Mrs. Louise C. Trigg, state executive secretary of the Florida Association for Crippled Children and Adults, in calling attention to the annual drive for the sale of Easter Seals. Not only does the organization provide nursing, medical and hospital care but with funds from last year's Easter Seal sale it was possible to provide instruction and special training to many handicapped persons as well as establish a store through which their handiwork can be sold.

The sale of Easter Seals will continue through April 21 and the public is urged to be generous in their purchase of these colorful little stamps that do so much to bring hope and comfort to the unfortunate.

MEN'S BIBLE CLASS

Twenty-one ex-servicemen and one in uniform attended the session last Sunday of The Pahokee Men's Bible Class a record for the class. These were the recipients of copies of "Godby to G. L.", a recently written book by an ex-serviceman Maxwell Droke. The total attendance was 73. A new series of teachings based on lessons in the New Testament will be presented beginning next Sunday by the teacher, Rev. C. A. Moberg. The Class Quarterly will sing three selections. To those who do not know what it is to participate in or listen to a group of some 75 men in a song service as conducted by Leader R. Cowart, a treat is in store. A most cordial invitation is extended to all unaffiliated men of the community, service men in and out of the service and visitors. The class will meet this Sunday for the last time in the Lions building at the usual hour of 9:45. Easter Sunday will find a class of at least a hoped for 150 in the new building on Bacom Point Road.

Tip On Tips

New York's state industrial commissioner, in the course of figuring unemployment insurance tax rates for proprietors of eating and drinking places, has worked out a schedule of tips for waiters which he thinks proper for tax purposes and, apparently, for the customer as well.

He suggests a 7½ per cent tip for food and beverage service at tables, and a 5 per cent tip for counter and drug store service.

The commissioner, obviously, didn't eat out much during the war. Either that or he is possessed of a tough hide and a charmed life. All but the most cloistered must surely have learned by now that the traditional 10 per cent gratuity earns the giver a sneer at best, and is accompanied by the reasonable likelihood of getting a cup of coffee down his miserly neck or the chair pulled out from under him to speed his departure.—Tallahassee Democrat.

PAHOKEE BAPTIST CHURCH

A special sermon will be preached this Sunday morning at the First Baptist Church of Pahokee, by the pastor Rev. C. A. Moberg, "The Church." The pastor believes the local church is on the eve of her greatest era if she is willing to go God's way. It is respectfully requested through this medium (and we do thank this paper for its fine spirit of cooperation religiously) that the deacons, officers and all the members make a special effort to be present. At the 7:30 hour the pastor will preach on the tenth of The Baptist Articles of Faith, "Sanctification,

what is it?" The usual splendid musical program will be presented both services. Rehearsals for the gospel concert by the orchestra which will be presented Easter Sunday night, will be completed this week.

Florida housewives will welcome the knowledge that mildew, so annoying during the rainy season, has at last been conquered and may be prevented by simply spraying with a new colorful liquid known as Mil-du-rid, a product of the Interchemical Corporation distributed through drug, department and grocery stores.

Cinematic Chatter

By Malcolm Millar

A very tender story of a romance of World War II moves in for the Sunday-Monday run this week end, with Jennifer Jones and Joseph Cotton in the star positions and a very excellent cast in support of this clever pair.

Alexander Knox comes in Tuesday-Wednesday in a belated picture, but a picture that will thrill you. This picture is "Wilson" and it is done in technicolor.

This is the life-story of President Woodrow Wilson, who served so ably during World War I. It commences with him as the head of Princeton University, taking us through the stages of his campaign and ultimate victory when he became our chief executive. It goes into World War I and comes out of it with the faithful portrayal of his efforts to launch the League of Nations and thus end wars, for all time. It takes him into retirement and at last it brings him to his death-bed. No words that I can write can do justice to this picture and give actors so ably portrayed by the proper praise for all of the char- specially chosen cast. Don't Miss It!

Thursday-Friday brings Charles Coburn and Joan Bennett with an excellent supporting cast in "Colonel Effingham's Raid" which tells of a retired army officer, just home from World War I, who discovers crooked officials in the saddle of the town's government. It is a delightful show and you'll enjoy every moment of it.

Saturday brings a double feature. First one up is "Ghost Guns" with Johnny Mack Brown and Raymond "Sandy" Hutton as the stars.

Second one up is "Born for Trouble" which furnishes enough danger, thrills and adventure for it stars Faye Emerson and Van Johnson immensely in this piece, in which he turns on all the glamour... but cannot be outdone by beautiful Faye Emerson.

See you at the movies—Mal.

TRAINING UNION BANQUET

A banquet at the Pahokee Woman's club on April 4th climaxed a three months efficiency contest held by the Intermediate Training Unions of the Seven Baptist churches around the lake—Moore Haven, Clewiston, Lake Harbor, South Bay, Belle Glade, Pahokee, and Canal Point. During the banquet Mrs. J. R. Heller, Intermediate Leader for the Lake District and sponsor for the banquet, announced that the Intermediates at South Bay were the winners.

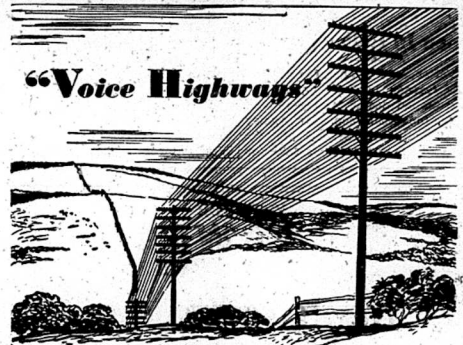

The Easter motif was used throughout the banquet. The pastel streamers proved a perfect background for the table decorations of Easter lilies and gayly colored Easter eggs. Place cards of Easter bunnies, program printed with tulips and matching napkins with the Training Union initials stamped in gold completed the impressive decorations.

Each of the seven churches was well represented among the 125 Intermediates, leaders, and pastors who attended the banquet.

Following the Training Union theme song, "All Hail the Power of Jesus Name," and the Invocation, Miss Dorothy Chastain, daughter of Mr. and Mrs. Stanton Chastain of Canal Point, sang "Make Me A Blessing." Rev. C. A. Moberg entertained the group with several humorous piano selections. A Bible Drill contest was held with a participant from each of the seven churches.

A piano solo, "Consolation," by Miss Dellona Jones, daughter of Mrs. C. B. Jones, Canal Point, was beautifully rendered. The guest speaker, Rev. John C. Sims of Miami brought an inspiring and challenging message to all who were present. Rev. Sims is one of Florida Baptists' busiest and most beloved pastors. It was indeed an honor to have had him share some of his great thoughts with us.

The beautiful chorus, "Into My Heart," was used by the entire group as the closing Benediction.

Tenth Baptist Article Of Faith "Sanctification"

We believe that sanctification is the process by which, according to the will of God, we are made partakers of His Holiness; that it is a progressive work; that it is begun in regeneration; and that it is carried on in the hearts of believers by the presence and power of the Holy Spirit, the Sealer and Comforter, in the continual use of the appointed means, especially, the Word of God, self-examination, self-denial, watchfulness, and prayer.

Speaker Designate Wants Teachers To Have Pay Increase

DEFUNIAK SPRINGS — Rep. Thomas D. Beasley, speaker designate of the 1947 House of Representatives, who recently proposed a 25 percent pay raise for Florida school teachers, announced this week that while he was "willing to await further developments before further encouraging the proposition", if evidence revealed that the money is available he would not hesitate to insist on its being used for the relief of underpaid teachers. He said, "I am heartily in favor of the new buildings that are being constructed at the State Capitol, and the plans to construct additional buildings there but a building can wait, while a generation of school teachers cannot."

Beasley pointed out that the Comptroller's report indicated there is ample money in the treasury to provide the increase and suggested that some of plans for new capital outlay buildings might not be necessary.

The Governor stated that there was no surplus in the school fund and that receipts from taxes specifically levied for teachers' salaries would fall about \$2,000,000 short of the \$16,000,000 annual appropriation.

Fabric of the future will be mildew proof, waterproof and flame proof, thanks to a process known as "Permaproof", developed by B. F. Goodrich and Treedale laboratories of Pittsburgh.
